WIDOW WITH THREE CHILDREN IN NEED OF KINDNESS

More Santa Claus letters continue to be received by The Standard. A widow living on Grant avenue writes as follows:

"Dear Santa: Kindly remember my three little fatherless children this Christmas, as I cannot get one cent with which to gladden their hearts. Most sincerely their Mother."

Sports SALT LAKE FOR COAST LEAGUE

Utah Metropolis Expected to Succeed Sacramento in Pacific Baseball Circuit.

San Francisco, Dec. 17.—At a meeting of the franchise committee of the Pacific Coast league, composed of President Allan T. Baum, Henry Berry and Frank Leavitt, today, it was decided to recommend to the league directors that Salt Lake be awarded the forfeited Sacramento franchise. There is a bare possibility of a hitch, but President Baum reports that in all probability the Utah metropolis will be found in the circuit.

Salt Lake was favored from the start, but the fans of the capital city failed to respond to the subscription campaign to raise \$20,000 to clear the franchise of its indebtedness to the league.

Salt Lake came to the front with a straightforward business proposition, and impressed upon the committee that it could support a class AA club, and be of strength to the Coast league. To show that the matter has been practically settled, the following official statement from the franchise committee is quoted:

"The franchise committee is ready to report to the Coast league in favor of Salt Lake, under certain conditions to be taken up with Salt Lake. Berry and Baum probably will go to Salt Lake within a few days."

The "certain conditions" mentioned, Baum explains, are matters that concern propositions that have been submitted by Salt Lake. He says that it would be unfair to Salt Lake in case of a hitch to give them out. However, the members of the committee seemed to feel contented that everything is all right. Henry Berry presented Salt Lake's case to the committee. Just what the terms and conditions are, was not given out, because the matter has not been definitely settled.

CLASS B MAN TO LEAD WHITE SOX

Clarence Henry Rowland of Three I League to Succeed James J. Callahan.

Chicago, Dec. 17.—To the complete surprise of players, press and public, Clarence Henry Rowland, last year pilot of a team in a class B circuit, today was named manager of the Chicago American league baseball club, conceded to be a pennant contender in 1915.

Many Chicago fans had never heard of Rowland, but in baseball circles generally he was well known, for though his career has been limited to the minor league he has been very successful and has gained the respect of club owners for his ability to discern and develop latent diamond talent.

The new leader left the ranks of the players for his first manager job at Aberdeen, Wash., in 1908. Thence he went to Jacksonville, Fla., and then returned to Dubuque, Ia., where he remained as part owner and manager of the Three-I league club. Beginning at the start of last season he managed the Peoria team in the Three-I, taking it from last place to second.

Rowland will assume his new duties soon, expecting to move here from Dubuque. His arrival will be the signal for the retirement of James J. Callahan, who has led the team for three seasons. Callahan will be appointed to some position connected with the business affairs of the club, it was announced, with the idea that eventually he will be able to shoulder some of the duties now falling on Comiskey. The disposition of Callahan, coach and adviser to Callahan, was not given out, but it was rumored he might be appointed manager of the New York Americans.

The shift in management with the appointment of Eddie Collins as captain in place of Weaver indicates a change in the field policy of the White Sox.

Rowland was born in Platteville, Wis., and is 32 years old. His contract as Sox manager is for one year and the salary was not announced.

MUNICIPAL CHRISTMAS TREE ERECTED ON CITY HALL SQUARE

Women of Martha Society Plan a Great Event for the Children on Christmas Eve—First Municipal Christmas Tree Outdoors to be Seen in the West—Santa Claus to be Present and Distribute Nuts and Candy.

Through the efforts of a committee from the Martha society, the municipality of Ogden is to have a Christmas tree that will be large enough for every child in the city, young or old to see and enjoy. The committee that planned the municipal Christmas tree is composed of Mesdames R. B. Porter, R. E. Bristol and A. P. Bigelow and they have enlisted the co-operation of the city commissioners, the Ogden Publicity bureau, Superintendent J. M. Mills of the city schools and a number of public spirited citizens. The movement marks a new era in local Christmas celebrations and is one that the Martha society believes will fill a long felt want.

The tree has already been secured by Commissioner Chris Flygare and was set up on the City hall square yesterday. It is the largest one in the city and the work of decorating it will occupy considerable time. The Martha society committee has already planned the decorative scheme and will be kept busy for two or three days more in getting together the material that will be used. The main feature will be the lighting and S. T. Whitaker, acting in his capacity as manager of the Utah Light & Traction company, has agreed to furnish the current, while the globes will be furnished and the wiring done by George Barlow, manager of the Electric Service company.

The scheme as a whole will be an elaborate one and the tree will form one of the city's main attractions for a period of one week, from December 24 to December 31st inclusive. It will be lighted for the first time at 7 o'clock Christmas eve and will remain lighted until 9 o'clock the same hours to be observed each evening thereafter for the week.

The big celebration will be held Christmas eve and for this event a fine program of music, both vocal and instrumental, will be furnished by prominent musicians of the city. There are several surprises to be given in connection with this program, which the committee predicts will be remembered by the youngsters for some time to come.

The decorations and program, however, will not be the biggest attraction for the children for Santa Claus and his brother have promised to pass two hours on the City hall square Christmas eve, before making their journey over the house tops, and they will present the children with bags of candy and nuts which have been furnished by local merchants and manufacturers, this assistance being given merry "Saint Nick" in view of the fact that he was not given sufficient

SANTA CLAUS IS IN PECK OF TROUBLE

The local "Santa Claus" has letters from 183 little tots, all wanting him to "be sure and come," and yet a close look at his toy shop and candy kitchen shows that nearly everything has been sent to the little children in Belgium this winter.

What is he going to do? He wants somebody to help him out and asks us to print this little letter from him. He says, if he does not get help he will have to resign his job and sell his reindeers.

BROWN-HARBERTSON MATCH POSTPONED

At a conference yesterday afternoon between "Pet" Brown, F. M. Forward, his manager; Jack Harbertson and Ogden promoters, it was decided to call off the Brown-Harbertson match scheduled for December 21 in Ogden, and Forward put up a forfeit to wrestle the Junction City grappler after the match with Yokel on December 28.

YOKEL MAY HAVE TUSSLE OF LIFE

While the local fans are naturally a little shy about laying down their money until they have had a chance to see both men in action, there is very little doubt but that when the time comes they will be accommodated with as much money as they care to cover.

MONDAY NIGHT BOXING BOUTS

Salt Lake, Dec. 18.—Hardy K. Downing, manager of the Manhattan Athletic club, has arranged another high-class boxing card for next Monday night at the Garrick theatre and some interesting battles should result.

Last week's bill was made up of the classiest bunch of boys in the city and gave perfect satisfaction, although every bout went the limit of four rounds and in the majority of them it was difficult to pick a winner.

For next Monday Downing has lined up a bunch of the hardest hitters that he can get and although they are evenly matched and it will be a question of which one is going to get the punch over first, it is doubtful if many of them will go the allotted four rounds.

The headliner will bring together Young Herrera, the tough and hard hitting Mexican, and Jack Meyers of the Harman club. Meyers has fought several battles at the Manhattan club and Kid Davis of Ogden is the only man that has ever stayed the allotted four rounds with him.

For the semi-windup "Battling"

public and it is a little early in the game to get much of a line on him from all outward appearance, he looks as good as he ever did in his life. He seems to have all the same old stamina and goes through his work without showing any signs of fatigue, and when he tries for a hold he seems to have all of his old-time speed.

The fact that Brown has secured the services of George Nelson as his wrestling partner has worried the friends of Yokel quite a bit and now it is rumored around that Nelson has been working in private with Brown for several mornings in succession after they come in off the roads. Of course, the only inference that can be drawn is that Nelson is showing Brown as many of Yokel's pet holds as he can and at the same time preparing a defense for them.

This will no doubt be a great handicap for the local man and he will have to depend a great deal on his ingenuity to figure out some new holds that Brown will not be expecting.

While the local fans are naturally a little shy about laying down their money until they have had a chance to see both men in action, there is very little doubt but that when the time comes they will be accommodated with as much money as they care to cover.

Johnson, the sensation of the season, will be sent against somewhat of an unknown quantity in Red Andrews of Ogden, but from the class of boys that have been coming over here lately, the local youngsters had better be in the best of shape.

The next bout will bring out another Junction City boy in "Two-Round" Farley, the hardest hitting lightweight ever seen in this section of the country, and Kid Bobo, the local colored boy. Farley earned the reputation of "Two-Round" through the fact that in his first six or seven battles he always stopped his opponent in the second round.

Bud Tucker and Young Volcast have also been matched and Cyclone Lefty, Kid Mack, Belfast Spider and another youngster will complete the card which looks like a slugging bee from start to finish.

A new heating system is being installed in the Garrick theatre this week and will be in operation by next Monday.

OMAHA SPEEDWAY OPENING DATE

Omaha, Neb., Dec. 18.—July 5 was today tentatively selected as the date for the opening race meet at the new automobile speedway here. Tacoma, Washington, has the date but it is not believed the two meets will conflict although Tacoma's consent to the Omaha meet will be asked. The Omaha speedway was to have been opened Thanksgiving day but the accidental death of Roy Milner, a motorcyclist the morning of that day caused the vacation of the racing program.
